Welcome to the Livingston Parish Department of Planning and Development.

Livingston Parish has been one of the fastest growing parishes in the State of Louisiana for over twenty years. Chapter 13 of the Livingston Parish Code of Ordinances guides how this accelerated rate of growth including subdivisions, multi-family dwellings, mobile home parks and commercial developments are managed by this department. We strive to develop, implement and maintain an efficient plan for continued growth which promotes the health, safety, morals, order, conveniences, prosperity and general welfare of all residents and businesses in our parish.
